**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

1. I've chosen Sonic as my provider and I DO NOT want to lose them as my fiber provider given there are no competing alternatives in my area.
2. Increased competition is good for consumers. I previously only had Comcast / Xfinity as a choice which is essentially no choice.
3. Increased competition keeps prices competitive for consumers. None of us want to be locked into a high priced provider.
4. We rely on our Sonic fiber connection for so many things today. Education, information, entertainment, security. The list keeps growing and growing as our home becomes increasingly digital.
5. We used to only have broadband but now we have fiber. It's a world of difference. I'm amazed more Americans don't have this or have access to this. It should be a national imperative.

Thank you for your consideration.

Regards,

Nathaniel Robinson
